

JMET 2010 exam dates, dates for the submission of forms, other details have been declared.

Joint Management Entrance Test (JMET) is the first step in the process of admission to the TWO YEAR FULL TIME Postgraduate Degree Programmes in Management offered by the IITs. Currently IIT Bombay, IIT Delhi, IIT Kanpur, IIT Kharagpur, IIT Madras, and IIT Roorkee offer Programmes in Management.

Candidates will be required to appear in a single paper of three hours duration. The examination will be held from **10:00 hrs to 13:00 hrs on Sunday, December 12, 2010.**

JMET forms can be obtained and filled online or downloaded from the website. Click the link for [online application or registration.](#)

Important Dates:

Commencement of ONLINE application form submission	Monday	6 Sept. 2010
Last date for:Online application form submission (website closure)	Friday	8 Oct. 2010 (6.00pm)
Last date for mailing the admit cards	Friday	12 Nov. 2010
Examination Date (10:00 hrs to 13:00 hrs)	Sunday	12 Dec. 2010
Announcement of Results	Monday	3 Jan. 2011

Structure

The JMET 2011 will be of 3 hours duration. The test will consist of 120 questions (objective / multiple choice type) in the following sections:

Verbal Communication

This section aims to test the candidate's comprehension of and interpretative abilities in English as a language of business. Given the potential manager's decision-making roles, this section seeks to examine the candidate's felicity with common forms of English expression, grammar and usage in business that would enable him/her to extract essential information from a variety of data, and arrive at an informed decision. Regular

analysis of business articles and non-fiction prose, besides a firm grasp of communicative English grammar would be helpful in preparing for this section.

Logical Reasoning

This section consists of analytical reasoning, argument analysis, and analysis of explanation questions.

Quantitative Ability

This section aims to test the candidate's understanding of Basic Mathematics (Numbers; Operations; HCF and LCM; Fractions, Decimals and Percentages; Ratio and Proportion; Roots and Power; Logarithms; Progressions; Elementary Geometry and Mensuration; Elementary Trigonometry; Introductory Set Theory), Linear Algebra (Equations and Inequalities; Matrices; Determinants; Simultaneous equations and solutions; Elementary Linear Programming; Elementary differential calculus involving functions of one variable; Elementary integral calculus), and Probability and Statistics (Types of Data; Frequency Distributions; Measures of Central Tendency and Dispersion; Probability Concepts: Basic Outcomes, Events, Sample Spaces; Probability Calculations: Counting Rules using Permutations and Combinations, Unions and Intersections, Complementary Events, Mutually Exclusive Events, Conditional Probability and Independent Events; Binomial, Poisson and Normal Random Variables; Correlation and Simple Linear Regression) for their use in business applications such as Partnership and Shareholding; Present Worth and Discounts; Depreciation; Demand and Supply; Cost and Revenue, and common applications such as Banking Transactions; Inventories; Mixtures; Time and Work; Time and Distance; Pipes and Tanks; Estimation of time, distance, area, volume, effort, etc.

Data Interpretation

This section aims to assess the ability of the examinee to make valid interpretations from a given data set. The section also assesses the ability of the examinee to understand data in different representative forms such as simple tables, histograms, pie charts, graphs, scatter diagrams, etc. Although involved calculations are not expected, simple data manipulations would be required.

There is negative marking for incorrect answers. For a wrong answer to a question, 25% of the marks allotted to that question will be deducted. Moreover, for a candidate to be qualified in JMET 2011, he/she should not only secure certain minimum marks in the test paper but also should necessarily obtain certain minimum marks in each of the four sections stated above.

General Instructions

1. You should be in your assigned seat at the Test Centre latest by 9:30 hrs.
2. You should bring the following to the Test Centre:
 - i) Your JMET 2011 Admit Card, without which you will not be allowed to take the test.
 - ii) Black Ballpoint pen, HB pencil(s), eraser(s) and sharpener(s).

Calculators, electronic diaries, cell phones and similar electronic gadgets will not be allowed in the examination hall.

3. The test begins with the distribution of the Test Booklets. When you get the Test Booklet, make sure that the Booklet is in sealed condition. If the seal is found broken or tampered with, please bring this matter immediately to the notice of the invigilator.
4. Do not break the seal of the Test Booklet till you are told to do so.
5. Without breaking the seal, take out the Objective Response Sheet (ORS) from the Test Booklet and verify that it has the same code printed on it in large letters as on the cover of the Test Booklet. If the two codes do not match, or the Test Booklet does not contain the ORS, the Test Booklet must be exchanged immediately with a new sealed Test Booklet. The candidate must not mark the answers on an ORS having a code different from the code printed on the Test Booklet.
6. Using a ball point pen, fill in all the required information on the right hand side of the ORS and sign at the appropriate place. Use HB pencil for darkening the bubbles corresponding to your Registration Number on the ORS. Use extreme caution in filling the bubbles. Information on the right half of the ORS should be written using ballpoint pen wherever indicated. No distinctive mark of any sort is to be put anywhere on the ORS.
7. Open the seal of the Test Booklet only after you are instructed to do so by the invigilator. Each section contains several questions. You should read the directions for each section of the test carefully.
8. The left hand side of the ORS must be filled in with HB pencil only. The answers to the questions are to be marked by darkening the bubbles corresponding to the letters A, B, C or D. A soft eraser should be used for erasing any darkened bubble, if required.
9. Nothing should be written either in ink or in pencil, in the space used for printing the

Barcode on the ORS. If the candidate tampers with the Barcode, he/she will be disqualified.

10. All the rough work should be done only on the blank pages/regions of the Test Booklet. No extra papers will be provided.

11. Once the test starts, you will not be allowed to leave the examination hall for any reason until the test is over and all other formalities are completed.

12. You should remain seated after completing the test. Only after the invigilator collects and tallies all the ORS, you will be allowed to leave the exam hall.

Candidates found violating the instructions (i) given by the invigilator or (ii) printed in the question paper, will be disqualified. Any candidate giving assistance or seeking / receiving help from any source in answering questions or copying in any manner in the test will forfeit his/ her chance of being considered for admission.

Note: In all matters concerning JMET 2011, the decision of the admitting Institutes will be final and binding on the applicant.
